St. Luke families can help the Ronald McDonald House Charities by collecting pull tabs from aluminum cans. The tabs are taken to Ronald McDonald House in Pittsburgh for recycling for cash. The money is then used to help keep families with sick children together and near the care and resources they need. The Ronald McDonald House Charities (RMHC) of Pittsburgh and Morgantown, Inc. provides a way for families to stay close to their children receiving medical care, and is committed to helping the families lead happier, healthier, and more productive lives.
